What is Co-op?

- Work-integrated learning: curricular experiential education that formally integrates a student's academic studies with quality experiences within a workplace. It aids in the development of student learning objectives and outcomes related to:
 - Employability
 - Agency
 - Knowledge and skill mobility
 - life-long learning
- A Co-op Program is designed to integrate learning by **alternating academic terms and paid work terms.**
- Work terms provide experience in a workplace setting related to the student's field of study.
- The number of required work terms varies by program; however, the time spent in work terms must be at least 30% of the time spent in academic study for programs over 2 years in length and 25% of time for programs 2 years and shorter in length.

Requirements for application

When applying, the Computer Science Co-op applicant must:

- Have a minimum cumulative average of B- (68%)
- Be a fulltime student, majoring in Computer Science
 - Be in the process of applying to Computer Science as your major, if you currently do not have a declared major
 - Students who currently have a declared major should apply to the Co-op program of their current major. If you have been accepted by the Co-op program of your current major and later transfer your major to Computer Science, then we will work with your former Co-op Coordinator to transfer you to Computer Science Co-op
- Have a minimum of 27 credits remaining in your degree at the time of application (excluding the current term)
- Consistently achieve at least class average in Computer Science courses
- Have completed CPSC 110 and are in the process of completing CPSC 121 and CPSC 210 (or have completed transfer equivalents)
- BCS (second bachelor's degree) applicants should be in the process of completing CPSC 110
- Demonstrate maturity as well as strong communication, self-motivation, time management and teamwork skills
- Be flexible and willing to relocate outside of Vancouver

Commitment to the Co-op Program

- Complete all workshops
- Actively engage in the job search
- Be open and flexible to job opportunities

Work Term Completion (Varies by Program*)

- BSc (STATS): **Four** 4-month work terms, BA CS: three 4- month work terms
- Work terms cannot all be in the Summer and must end degree on a full academic term

Program Fees

- Administration and Workshop Fee: One-time fee
- Co-op Fee: payable for each 4-month work term that you have secured a job (same for domestic and international students)
- *Co-op fees are subject to change. Please refer to the UBC Calendar for the most current information*
