What is Co-op?

• **Work-integrated learning**: curricular experiential education that formally integrates a student’s academic studies with quality experiences within a workplace. It aids in the development of student learning objectives and outcomes related to:
  
  ➢ **Employability**
  ➢ **Agency**
  ➢ **Knowledge and skill mobility**
  ➢ **life-long learning**

• **A Co-op Program** is designed to integrate learning by **alternating academic terms and paid work terms**.

• Work terms provide experience in a workplace setting related to the student’s field of study.

• The number of required work terms varies by program; however, the time spent in work terms must be at least 30% of the time spent in academic study for programs over 2 years in length and 25% of time for programs 2 years and shorter in length.

Co-operative Education and Work-Integrated Learning Canada (CEWIL Canada)

Professional Skills and Network

Work Experience

UBC Science Co-op Programs
Benefits of Co-op

- Workplace Savvy
- Hands-on Experience Sought by Industry
- Preparedness for Post Graduation Job Market
- Professional Network
- Clarity of Career Path
- Better Resume
- $$$$ for tuition

Secondary Benefit

Confidence

UBC Science Co-op Programs
Employers love hiring UBC Co-ops

... Co-op students are bright and self motivated

Co-op students bring fresh perspectives, ideas and concepts!

... we want to build future talent pipeline for hiring new graduates!

... UBC Co-ops are awesome!

... We love to mentor!
Computer Science Co-op Team

Constance Wun  
Coordinator: Computer Science (BSc)  
Students with last names starting from A – G. Constance's office is in ICICS 145.

UBC Science Co-op Programs
Supporting Student Success

- Resumes & Cover Letters Reviews
- Interview Preparation
- Workshops & 1-on-1 Support

- Develop Job Opportunities
- Facilitate Job Offer Process
- Facilitate Employer Info Sessions

- Create Networking Opportunities
- General Advising
- Maintain Employer Relationships

- Check-ins
- Advise and Resolve Workplace Issues
- Manage Work-terms
Supporting Student Success: Co-op Workshops

All workshops are mandatory and must be completed prior to start of job search.
Application Process
Who can apply?

- Full-time student
- Majoring in **CPSC/COGS** now; or no major yet and will declare CPSC as a major in the coming term
- 30+ credits remaining after application (current) term
- Minimum B- and above class average for courses related to major

*At the time of application!*

**BSc(CPSC,COGS)/BCom/BA**
- Completed CPSC 110
- Completed or currently completing CPSC 121, 210

* *BSc = 4-year program*

**BCS**
- Completed or completing CPSC 110

* *BCS = 2-year, 2nd degree program; BCS students can apply for Co-op in the 1st year*
When to apply?

**BSc Students**
- Year 1, Term 2? Apply in the Spring Cycle (March deadline)
- Year 2, Term 1? Apply in the Fall Cycle (October deadline)
- Year 2, Term 2? Apply in the Spring Cycle (March deadline)

**BA and BCom Students**
- Year 2, Term 1? Apply in the Fall Cycle (October deadline)
- Year 2, Term 2? Apply in the Spring Cycle (March deadline)
- Year 3, Term 1? Apply in the Fall Cycle (October deadline)

**Bachelor of Computer Science (BCS)**
- Year 1, Term 1? Apply in the Fall Cycle (October deadline)
- Year 1, Term 2? Apply in the Spring Cycle (March deadline)
How to Apply?

Apply Online

- Online application
  www.sciencecoop.ubc.ca
- Resume and non-UBC transcript in one document

Deadline Dates

Spring:
March 6, 2024 at 11:59 PM (PT)

Transcript:

- From UBC: no transcript needed (we check directly from the UBC system)
- Any other post-secondary non-UBC transcript (including overseas):
  - Non-official transcript/screen captures are fine
  - Combine with resume into 1 file

*Apply as soon as you are eligible to maximize your time, and thus opportunities in Co-op!*
How are students Assessed?

Application
- Online Submission
- Quality of responses to application questions

Resume*
- Technical Projects
- Work Experience (eg. McDonald’s, Camp Counsellor)
- Volunteering Experience
- Extracurricular Activities

Intake Interview
- Communication
- Professionalism
- Teamwork Skills
- Leadership Skills
- Open and Flexible

* This will not be the same resume employers see

You will be notified 3-4 weeks after the application deadline whether you are invited to an intake interview.

UBC Science Co-op Programs
International students will need a Co-op work permit to work in Canada.

The Co-op office will assist you in applying for the co-op work permit.

Fees and application process to the Co-op program are the same for domestic and international students, though there are Co-op jobs with citizenship restrictions.
Where have Co-op Students worked?
Co-op Schedule and Timeline
## Co-op Schedule (Spring Application)

* BCS Spring applicants should discuss your schedule with your Coordinator at intake interview.
Co-op Timelines

Spring Application Time Line

- **Mar**: Application Deadline
- **Apr/May**: Intake Interviews
- **July**: Admission Notification
- **Aug-Oct**: Workshops
- **Sep-Dec**: Job Search Period
- **Jan**: First Co-op Term Begins

General Rule of thumb: students normally start their Work Term about 1 year after applying to the Co-op Program
Basic Requirements / Expectations

Commitment to the Co-op Program
• Complete all workshops before getting access to job search portal
• Actively engage in the job search
• Be open and flexible to job opportunities

Work Term Completion (Varies by Program)
• BSc (CPSC, COGS): Four to five 4-month work terms
• BCom and BA: Three 4-month work terms
• BCS: Two 4-month work terms
Work terms cannot all be in the summer and must end degree on an academic term

Program Fees
• Administration and Workshop Fee: One-time fee
• Co-op Fee*: payable for each 4-month work term that you have secured a job (same fee for domestic and international students)

* Co-op fees are subject to change; please refer to the UBC Calendar
I am currently in another major, can I apply to CS Co-op?

- If you currently have a declared major (e.g. Math, Physics), please apply to the co-op program of your current major.
- You can transfer to CS Co-op once you become a CS major.
- Once students are admitted into the Science Co-op program, they have access to ALL job postings in the different disciplines.
Which program should I apply to when I am a combined/double major?

• Submit **ONE** application only --- based on career preference, or the discipline you’d like to start your first work term in

• Should the two combined programs have different application timeline, we recommend that you apply to the program that accepts applicants with an earlier timeline

• Once you are admitted to Science Co-op, you have access to all jobs in the job portal
How many students are accepted?

- The Co-op program doesn’t have an admission upper limit, i.e. students are not competing against each other for admission.

- Admission rate varies by year, ranging from 70-80%.
